INTRODUCING INDUCTOR FOR PAGES 7.x/8.x

THE ASSERTIVE, EFFORTLESS STYLE OF THE INDUCTOR THEME IS NOW AVAILABLE FOR PAGES 7.X / 8.X, TOO.

The Inductor templates for Pages, like their Keynote counterparts, were designed to be a flattering framework for nearly any type of content, built with effortless style in mind. Simple shape-based color accents frame a distinctive multi-tier hierarchy set against a classically-informed editorial grid designed to maximize clarity and minimize distraction. The balance

of restrained color & sturdy, modern type thrust your photos and narratives to center stage while maintaining unity, order, and cohesiveness throughout your entire document library.

Inductor for Pages includes a full suite of up to fifteen complete templates (Pro Edition) – from the basics of Letterhead, Memo and Envelope templates to Posters, Brochures and the magazine-inspired Newsletter – giving you a wide range of document types and layout options to choose from, whether you're preparing

an Agenda for the weekly meeting or assembling next season's Quarterly Report.

The accompanying chart styles include both expanded & narrow-spectrum color-based palettes, along with a tonal grayscale option perfect for making callout/contrast charts. And the entire Inductor framework is optimized for everything the modern Pages architecture offers, including a full suite of color, type and table styles that make it a snap to tailor your documents to your unique, individual needs.
