Pages Template System by
KeynotePro

Introducing Palo Alto NXT for Pages 5.x/6.x

By **KeynotePro**

The technically minded, bright and modern appeal of Palo Alto NXT expands to Pages with a full suite of eye-catching, highly-adaptable templates.

The Palo Alto NXT templates for Pages, like their Keynote counterparts, were designed as a supremely adaptable general-purpose system with a clean, business-casual aesthetic - equally at home with shareholder reports and abstract art. The core of the design - sharp contrasts of color and white space, with a blend of reversed and neutral type - is surrounded by a visible framework of structure and subtle visual accents. With a wide range of narrative and photo-oriented layouts at your disposal, you've got tremendous flexibility built right in.

Palo Alto NXT for Pages includes a full suite of fourteen complete templates - from the basics of Letterhead,

Memo and Envelope templates to Posters, Brochures and the magazine-inspired Newsletter - giving you a wide range of document types and layout options to choose from, whether you're preparing an Agenda for the weekly meeting or assembling next season's Quarterly Report.

Palo Alto NXT for Pages includes a full suite of 14 Templates - giving you a wide range of document types and layout options to choose from.

Can't imagine leaving your favorite portable device out of your work-flow? The Palo Alto NXT for Pages templates are fully compatible with Pages for iOS, so you can transfer a document using the Palo Alto templates to your iPad or iPhone for reading or editing with no updates or special workarounds required. Or collaborate with colleagues in real-time, whether they're on a Mac, iPad, or iPhone - even on a PC using iWork for iCloud - with consistent results regardless of the device you're using or where your team is located.
